Please return completed form to
 Tourism and Travel Section
 Central Statistics Office
 Skehard Road
 Cork
 T12 X00E

Dear Householder,

I am contacting you on behalf of the Central Statistics Office (CSO) to ask you to complete the Household Travel Survey (HTS). This survey asks about overnight trips and day trips (same-day trips) taken by you or a member of your household in **July 2020**. Participation in this survey is voluntary.

The survey only asks about trips taken in the **Republic of Ireland or Northern Ireland**. It does not ask about overseas trips.

Why is it important that you participate?

Tourism and travel by Irish residents is very important to the economy and is a major source of employment.

The information you provide in this questionnaire will help to measure the extent and the economic importance of tourism and travel, and will assist the tourism industry and government to make key decisions about the tourism sector.

Why is it important to participate - even if you did not travel in July 2020?

If you have not taken any trips within the Republic of Ireland or Northern Ireland in July 2020, we would still appreciate it if you answered a few questions on the form. Information from people who have not taken any trips is equally important to us and will help us ensure that the figures represent the full picture.

Why were you selected for this survey?

Each month 4,600 private households are randomly selected from the CSO household register. The CSO's household register is based on data from public sector databases used for statistical purposes by the CSO under the Statistics Act, 1993.

What next?

Please return this form when completed, in the free-post envelope provided, before **24th August 2020**. If you have any queries, please contact us at tourism@cso.ie or call one of the phone numbers at the top of this form. Thank you in advance for your cooperation regarding this important survey.
